COURSE DETAILS

Rationale

Music teachers benefit from ongoing professional learning that develops expertise in the areas of co-curricular choral ensemble best practice and performance skills. Through dedicated workshops that cater for primary teachers the Sutherland Shire Schools Music Festival (SSSMF) committee and professional musicians can provide the expertise to build this professional capacity. The committees' (including The Arts Unit personnel and professional music educators) experience working to deliver high quality music programs is an effective resource to support the implementation and improvement of school based music programs.

Outline of Content

The course 15 hrs, includes 5 hours at a full day professional learning course led by experienced choral directors and a further 10 hours which needs to be completed upon return to school, 5 hrs leading a choir in the school and 5 hrs attendance at 2 x 2.5hr massed rehearsals.

Professional learning day (5hrs)
Session 1 - 9:00-10:30am
Warm up techniques and conducting skills (movement of the body and mouth, warming up the vocal chords, matching a pitch to others, simple warm up games for primary school students and conducting skills including how to conduct in 4/4, 2/4, 3/4 and 6/8 time, the point of ictus and controlling the body).

Session 2 11:00am - 12:30pm
Rehearsal and conducting techniques for large choirs including technical challenges in scores such as tempo, pitch, rhythm, tone colour, dynamics, expressive techniques, form and repetition. Teachers will sing through all the repertoire and will problem solve challenging and technical parts. Common mistakes of large choirs will also be addressed as will how to get the best from the repertoire by experimenting with the elements of music.

Session 3 1:00pm-3:00pm
Continue score and music reading with score interpretation with guest composers. Guest composers will explain their commissioned work and teachers will sing through the repertoire discussing any technical challenges. Teachers will also have a chance to ask questions directly to the composer.

Upon return to school teachers will be required to form a choir. They will conduct a minimum of 10 x 30 min choir lessons where they are responsible for implementing the techniques taught in the professional learning day. These 10 lessons are to be signed off by the principal as completed.

Teachers will also need to attend 2 x 2.5hr massed choral rehearsals where the repertoire will be sung and examined with the students and teachers and teaching techniques modelled to teachers via the conductor of the festival.

Board of Studies Syllabi addressed by this Course

This course does not directly address Board of Studies syllabi. However the skills developed in this course are applicable to the Music syllabi for ES1, S1 and S2.

Research or Methodology that underpins this Course

The NSW Quality Teaching Model

Outline of Delivery Strategies

A range of delivery strategies will be drawn upon using practical examples and activities where possible to demonstrate targeted skills and understandings.
Group discussion and feedback
Observation, modelling and practical demonstration
Practical participation and evaluation
Reference to relevant literature and up to date methodologies
Guided listening and analysis
Staff from the committee festival, Arts Unit personnel and professional guest choral conductors will deliver this course. The deliverer will have extensive experience, skills and knowledge in the area of choral singing including teaching a 2 part choir. The festival committee is comprised of mostly principals and this senior management will oversee the maintenance of high quality delivery through evaluation and observation of key personnel. The music festival committee is providing teachers with the best choral music resources and professional tuition using leading conductors in their field. Arts unit personnel are responsible for the organisation and administration of this professional development and take full responsibility for all administration and participation.

Outline of Assessment Strategies

Participants will engage in discussion and practical workshop activities centred on the performance skills and teaching practice necessary to develop high levels of student performance. Participants will be required to demonstrate the following:

- Engagement in practical workshop activities and rehearsals through active music reading and performance of the workshop repertoire.
- Application of practical and theoretical knowledge gained from the workshop in given exercises such as warm ups, tuning, conducting and rehearsal techniques.
- Open and productive contributions to professional discussions including the areas of score interpretation, authentic stylistic interpretation and rehearsal best practice.
